(a) Consideration

The Consideration of S\$48,000,000 is payable by the Purchaser to the Company in cash on completion of the Proposed Disposal.

The Consideration was arrived at after arm's length negotiations between the Company and the Purchaser, on a willing-buyer willing-seller basis, after taking into account, amongst other things, the net tangible asset value of the Business and the Jackspeed Business Assets based on the Unaudited Group FY2019 Results, and the rationale for the Proposed Disposal as set out in Paragraph 2.4 of this Circular. At the time of signing of the SPA, only the Unaudited Group FY2019 results were available, however, the Unaudited Group FY2019 Results are not materially different from the Audited Group FY2019 Results.

Based on the Valuation Certificates issued by the Valuers as set out in Appendix B to this Circular, the market value of the following freehold properties owned by the Group (“**Properties**”), as well as details of the valuations conducted, are as follows:

Property	Market Value (S\$)	Party who commissioned valuation	Name of Valuer	Basis of Valuation	Date of Valuation
221 Henderson Road #06-15 Henderson Building Singapore 159557	S\$1,880,000	Company	OrangeTee Advisory Pte Ltd	Direct comparison method	6 June 2019

LETTER TO SHAREHOLDERS

Save for valuations on the Properties set out above, the Company has not commissioned a valuation on the Business or the Jackspeed Business Assets as the Board is of the view that the valuations attributable to the other major balance sheet items which comprise the Jackspeed Business Assets, such as plant and equipment, receivables and cash and cash equivalents are unlikely to be adjusted upwards. Moreover, the Company has appointed the IFA to advise on, *inter alia*, whether the terms of the Proposed Disposal are on normal commercial terms. In arriving at their recommendation, the IFA would have reviewed and evaluated relevant factors such as price to earnings ratio, price to NAV ratio, price to NTA ratio, the enterprise value to earnings before interest and tax and the VWAP of the Shares as set out in the IFA Letter. Accordingly, the Board is of the view that no separate valuation is necessary for the Proposed Disposal.

Based on the Audited Group FY2019 Results:

- (i) the book value and the net tangible asset value of the Business and the Jackspeed Business Assets were approximately S\$53,189,000 and S\$52,748,000 respectively;
- (ii) the Properties comprised approximately 17.8% and 18.1% of the book value and the net tangible asset value of the Business and the Jackspeed Business Assets respectively (after excluding cash and cash equivalents of S\$24,316,000 as at 28 February 2019); and
- (iii) the net profits after tax attributable to the Business and the Jackspeed Business Assets is approximately S\$5,776,000.

The Consideration, after taking into account the Transaction Expenses, represents approximately S\$0.159 on a per Share basis ("**Net Proceeds per Share**") taking into account the total issued Shares of 301,002,279 Shares. The Net Proceeds per Share represents a premium of approximately 16% to the volume weighted average share price of the Company of S\$0.137 on 3 June 2019, being the Last Trading Day.

The Consideration represents a deficit of approximately S\$5,189,000 over the book value of the Business and the Jackspeed Business Assets as at 28 February 2019. The estimated loss on the Proposed Disposal is approximately S\$5,409,000 based on the Consideration, after adjustment for the Transaction Expenses, and the book value of the Business and the Jackspeed Business Assets as at 28 February 2019.

The rationale for the Proposed Disposal is set out at Paragraph 2.4 of this Circular.

(b) **Conditions Precedent**

Completion of the Proposed Disposal is conditional upon satisfaction or waiver (as the case may be) of, *inter alia*, the following conditions ("**Conditions**"):

- (i) the Company and the Purchaser each having obtained all necessary consents, approvals, authorisations, clearances and/or waivers from its board of directors, any other persons and any relevant authorities in Singapore or any other jurisdictions (as applicable), including but not limited to, approvals from the SGX-ST, in respect of the SPA and the transactions contemplated thereunder and such consents, approvals, authorisations, clearances and/or waivers remaining in full force and effect;
- (ii) without prejudice to the generality of Paragraph 2.3(b)(i) of this Circular, the Company having notified any banks or financial institutions which any of the Target Group Companies have financing arrangements with, of the Proposed Disposal and such persons having given their written consents to the proposed change in control of the Business and the Jackspeed Business Assets for the purposes of the respective agreements entered into with the Target Group Companies, and such consents not having been cancelled, revoked or withdrawn;

LETTER TO SHAREHOLDERS

- (iii) without prejudice to the generality of Paragraph 2.3(b)(i) of this Circular, the Company having obtained the irrevocable and unconditional waiver in writing from the shareholders of each of the Target Group Companies, other than the Company, of such shareholders' rights of pre-emption in relation to the sale and purchase of the legal and beneficial interests in the shares of that Target Group Company (where required);
- (iv) the Company having obtained Shareholders' approval for the Proposed Disposal at the EGM;
- (v) the Company having:
 - (A) notified or obtained the consent of any third party for the transfer or assignment of the contracts to be sold as part of the Jackspeed Business Assets ("**Contracts**") to the Purchaser, where required; and
 - (B) taken all actions and given effect to, completed, signed or otherwise executed all agreements, deeds, forms, notices and/or other documents (as the case may be) and/or procured the giving of effect to, completion, signing and/or execution (as the case may be) of all agreements, deeds, forms, notices and/or other documents (as the case may be) as required by the Purchaser in relation to the transfer, assignment or novation of the Contracts to the Purchaser;
- (vi) the Purchaser having obtained the requisite financing from a financial institution in respect of the Purchaser's acquisition of the Business and the Jackspeed Business Assets pursuant to the Proposed Disposal; and
- (vii) the results of the Purchaser's due diligence exercise on the Company, the Business and the Jackspeed Business Assets being satisfactory to the Purchaser in its sole discretion, such due diligence to be completed within 19 weeks from the date of the SPA or a mutually agreed extended period.

If the Conditions are not satisfied or waived on or before 30 November 2019 or such other date as may be agreed in writing between the Company and the Purchaser, the SPA shall lapse.

(c) Completion of the Proposed Disposal

Completion of the Proposed Disposal shall take place on the date falling five business days following notification of the satisfaction or waiver (as the case may be) of the last of the Conditions or at such other date as may be agreed in writing between the Company and the Purchaser.

(d) Change of Name

Upon completion of the Proposed Disposal, the Company shall take steps to procure the Change of Name and shall effect such change within one year from completion of the Proposed Disposal. In addition, subject to the foregoing, upon completion of the Proposed Disposal, the Company shall not, and shall procure that none of its subsidiaries shall, at any time after completion of the Proposed Disposal, use in connection with any trade or business, any corporate name, trade name, logo, domain name or e-mail address which is confusingly similar to the name "Jackspeed" or to any corporate name, trade name, logo, domain name or e-mail address used by any of the Target Group Companies.

LETTER TO SHAREHOLDERS

2.4. Rationale for the Proposed Disposal

- (a) With increasing uncertainties in the global economic outlook, particularly in light of the ongoing trade wars between China and the United States and heightened geopolitical tensions around the world, the Directors believe that the Proposed Disposal presents a good opportunity to unlock value for the Shareholders. Following completion of the Proposed Disposal and subject to the necessary regulatory and corporate approvals, it is currently the Directors' intention to distribute approximately S\$36,572,000 of the Net Proceeds to Shareholders by way of the Proposed Capital Reduction and Proposed Cash Distribution, and to set aside the balance Net Proceeds to explore the acquisition of new assets or businesses to satisfy the SGX-ST's requirement for a new listing, subject to the restrictions under Rule 1018 of the Listing Manual. For further details on the Proposed Capital Reduction and Proposed Cash Distribution, please refer to Paragraphs 2.7 and 3 of this Circular. In the event the Company does not acquire new assets or businesses to satisfy SGX-ST's requirement for a new listing within the period stipulated under Rule 1018 of the Listing Manual, all the balance Net Proceeds will also be returned to Shareholders. Accordingly, the Directors believe that the Proposed Disposal is in the interests of the Company and Shareholders as it presents the Company with an opportunity to exit the increasingly challenging business environment and immediately realise its investment in the Business. The Company will make further announcements on the specific uses of the Net Proceeds in greater detail at the appropriate juncture.
- (b) Although the Group's profits had improved over the past years, there are uncertainties on its sustainability, due to the following reasons:
- (i) the Group's major contract with an original equipment manufacturer ("**OEM**"), which contributed approximately 45% of the Group's gross profit for FY2019, is ending in 2021. While the OEM has awarded the Group a new contract from 2022 to 2029, the new contract is expected to generate less than half of the gross profit under the existing expiring contract. There can be no assurance that the Group will be able to secure contracts from other customers to make up the shortfall;
 - (ii) a capital expenditure budget of S\$9,000,000 has been estimated for upgrading and expanding the Group's worn out production facility in Thailand. It will require the Group to secure more business to cover depreciation and interest costs if loans are taken to sustain and grow profit;
 - (iii) the contract to supply upholstery leather kits to 17 countries in Europe, as announced on 16 March 2018, has yet to see significant contributions to the Group's revenue. The Group is currently supplying to two out of the 17 countries and is working to cover more countries;
 - (iv) government policies to control the car population in Singapore and the emphasis to go car-lite by beefing up the connectivity between different modes of public transports will limit the growth of car population in Singapore, thereby affecting future performance of the Group as Singapore is the Group's predominant market for its trading, financing and rental of motor vehicle business; and
 - (v) the annual cost reduction practice by the Group's OEM customer has added pressure on the Group's profit margin. The increasingly difficult business environment, which the ongoing trade wars between China and the United States has contributed to, will potentially weigh in on such cost reduction requests from the Group's OEM customer.

LETTER TO SHAREHOLDERS

- (c) Prior to Mr. Yap approaching the Company for the Proposed Disposal, the Company had not received any proposal or indication of interest from third parties for the Company or its Business. Subsequent to the announcement of the Proposed Disposal on 4 June 2019, the Company has also not received any competing interest nor bid from third parties. Based on the Directors' assessment, taking into account the factors cited herein, it is not probable that any such competing interest or bid on better terms is likely to arise, and the Proposed Disposal should be put before Shareholders for consideration and voting.
- (d) The Company has been placed on the watch-list of the SGX-ST ("**Watch-List**") since 5 June 2017 under the minimum trading price criteria. While steps have been undertaken to comply with the requirements to exit the Watch-List, such as share consolidations, the Board believes it is challenging for the current business of the Group to support a market capitalisation of more than S\$40 million (a requirement to exit the Watch-List) on a sustainable basis. As such, the Proposed Disposal is part of the Company's overall longer-term plan to exit the Watch-List and the Board believes the Proposed Disposal will pave the way for the Company to acquire a more sizeable business.
- (e) The terms of the Proposed Disposal which provide for the Consideration to be settled with a cash payment of S\$48,000,000 and with no business warranties required from the Company is attractive, which the Board believes will enhance the Company's options and bargaining position when identifying viable and sizeable businesses to exit the Watch-List.
- (f) In addition, the Board has also considered the premium or discount which the Net Proceeds per Share represents over the price of the Shares traded on the SGX-ST on the following date and over the following periods:

Reference Date / Period	Reference Price ⁽²⁾	Premium / (Discount)
Last traded price as at 11 October 2019, being the Latest Practicable Date	S\$0.124 ⁽³⁾	28%
Last traded price on 3 June 2019, being the Last Trading Day	S\$0.132	20%
VWAP ⁽¹⁾ per Share for the one-month period prior to and including the Last Trading Day	S\$0.134	18%
VWAP ⁽¹⁾ per Share for the three-month period prior to and including the Last Trading Day	S\$0.134	18%
VWAP ⁽¹⁾ per Share for the six-month period prior to and including the Last Trading Day	S\$0.135	18%
VWAP ⁽¹⁾ per Share for the 12-month period prior to and including the Last Trading Day	S\$0.160	(1)%

Notes:

- (1) The figures are based on data extracted from Bloomberg L.P..
- (2) Rounded to the nearest three decimal places.
- (3) Reference price as at 3 October 2019, being the last market day on which the Shares were traded prior to the Latest Practicable Date.

LETTER TO SHAREHOLDERS

Based on the reasons above, notwithstanding that there will be a loss on the Proposed Disposal, the Board believes the Consideration reflects a fairly good price for the Business and the Jackspeed Business Assets in view of the prevailing market conditions, including in particular the ongoing trade wars between China and the United States and heightened geopolitical tensions around the world as highlighted in Paragraph 2.4(a) of this Circular, and a good opportunity to unlock value for Shareholders. In addition, while the Proposed Disposal will result in the Company ceasing to have any operating business and becoming a cash company, the Directors are of the view that being a cash company may facilitate the Company's attempt to acquire potential target businesses and assets via a reverse takeover to satisfy the SGX-ST's listing requirements and to comply with the SGX-ST's requirements for a cash company. Accordingly, the Board believes that the Proposed Disposal is in the interests of the Company and Shareholders. The Company is considering its options in relation to other business ventures and will provide more information to Shareholders at the appropriate juncture.

Shareholders should note that the Proposed Disposal is subject to independent Shareholders' approval at the EGM to be convened. In accordance with Rule 919 of the Listing Manual, Mr. Yap and his associates must abstain from voting on the resolutions approving the Proposed Disposal as an interested person transaction, nor accept appointments as proxies unless specific instructions as to voting are given.

2.5. The Proposed Disposal as a Major Transaction

Based on the Audited Group FY2019 Results, the relative figures of the Proposed Disposal computed on the bases set out in Rule 1006(a) to (e) of the Listing Manual are as follows:

Rule 1006	Bases	Relative Figures (%)
(a)	NAV of the assets to be disposed of, compared with the Group's NAV	100 ⁽¹⁾
(b)	The net profits attributable to the assets disposed of, compared with the Group's net profits	100 ⁽²⁾
(c)	The aggregate value of the Consideration, compared with the Company's market capitalisation	116 ⁽³⁾
(d)	The number of equity securities issued by the Company as consideration for an acquisition, compared with the number of equity securities previously in issue (excluding treasury shares)	Not applicable
(e)	The aggregate volume or amount of proved and probable reserves to be disposed of, compared with the aggregate of the Group's proved and probable reserves.	Not applicable

Notes:

- (1) "Net assets" means total assets less total liabilities. Based on the NAV of the Business and Jackspeed Business Assets of S\$57,996,000 and the audited NAV of the Group of S\$57,996,000 as at 28 February 2019.
- (2) "Net profits" means profit or loss before income tax, minority interests and extraordinary items. Based on the net profits attributable to the Business and the Jackspeed Business Assets of S\$8,877,000 and the audited net profits of the Group of S\$8,877,000 for FY2019.
- (3) Based on the Consideration of S\$48,000,000 and the market capitalisation of the Company of approximately S\$41,237,000 as at the Last Trading Day. The Company's market capitalisation is determined by multiplying the number of Shares in issue (excluding treasury shares) of 301,002,279 Shares by the weighted average price of S\$0.137 per Share on the Last Trading Day.

LETTER TO SHAREHOLDERS

Rule 1014 of the Listing Manual states, *inter alia*, that where any of the relative figures as computed on the bases set out in Rule 1006 of the Listing Manual exceeds 20%, the transaction is classified as a “major transaction” and must be made conditional upon approval by the Shareholders in general meeting. As the relative figures for the Proposed Disposal as computed on the bases set out in Rules 1006(a), (b) and (c) of the Listing Manual exceed 20%, the Proposed Disposal constitutes a “major transaction” for the purpose of Chapter 10 of the Listing Manual, which requires Shareholders' approval.

2.6. The Proposed Disposal as an Interested Person Transaction

The Purchaser, being wholly-owned by Mr. Yap, the Executive Deputy Chairman and Chief Executive Officer of the Company, is an associate of Mr. Yap and accordingly, is an interested person as defined under Chapter 9 of the Listing Manual.

The Company is an Entity At Risk as defined under Chapter 9 of the Listing Manual. Accordingly, the Proposed Disposal constitutes an interested person transaction for the purpose of Chapter 9 of the Listing Manual.

The value at risk of the Proposed Disposal is S\$48,000,000, being the Consideration, which represents approximately 83% of the Group's latest audited NTA of approximately S\$57,555,000 as at 28 February 2019. As the value exceeds 5% of the Group's latest audited NTA, the Proposed Disposal is subject to the approval of the Shareholders at the EGM pursuant to Rule 906 of the Listing Manual.

Save for the Proposed Disposal, there are no other interested person transactions with the Purchaser, Mr. Yap, or any of their associates for the current financial year of the Company to the Latest Practicable Date.

2.7. Use of Proceeds

The net proceeds from the Proposed Disposal, after deducting the Transaction Expenses, is estimated to be approximately S\$47,780,000 (“**Net Proceeds**”).

As mentioned in Paragraph 2.4 of this Circular, following the completion of the Proposed Disposal and subject to the necessary regulatory and corporate approvals, it is currently the Directors' intention to distribute approximately S\$36,572,000 of the Net Proceeds to Shareholders by way of the Proposed Capital Reduction and Proposed Cash Distribution, and to set aside the balance Net Proceeds to explore the acquisition of new assets or businesses to satisfy the listing requirements of the SGX-ST, subject to the restrictions under Rule 1018 of the Listing Manual. In the event the Company does not acquire new assets or businesses to satisfy SGX-ST's requirement for a new listing within the period stipulated under Rule 1018 of the Listing Manual, all the balance Net Proceeds will also be returned to Shareholders. Please refer to Paragraphs 3 and 5 of this Circular for further details.

The Board will announce the specific uses for the proceeds arising from the Proposed Disposal in greater detail at the appropriate juncture.

2.8. Service Contracts

No person is proposed to be appointed as a director of the Company in connection with the Proposed Disposal.

LETTER TO SHAREHOLDERS

3. THE PROPOSED CAPITAL REDUCTION AND PROPOSED CASH DISTRIBUTION

3.1. Background

Subject to completion of the Proposed Disposal, the Company is proposing to undertake the Proposed Capital Reduction to return to Shareholders surplus capital in excess of its needs by way of the Proposed Cash Distribution pursuant to Sections 78A and 78C of the Companies Act, which will involve a cash distribution by the Company to return to Shareholders surplus capital of the Company in excess of its needs of approximately S\$0.1215 for each Share held by Shareholders as at the Books Closure Date, fractional entitlements of Shares to be disregarded.

Section 78C of the Companies Act requires that a public company proposing to undertake a capital reduction exercise should, amongst others, obtain the approval of its shareholders at a general meeting by way of a special resolution to be tabled at such general meeting.

The Company will make the Proposed Cash Distribution of the sum of approximately S\$36,572,000 (equal to approximately S\$0.1215 per Share) (excluding treasury shares), based on the issued and paid-up share capital of the Company of S\$36,865,088 comprising 301,002,279 Shares (excluding treasury shares) as at the Latest Practicable Date, subject to the conditions in Paragraph 3.6 below having been satisfied.

The actual amount to be returned to Shareholders will be based on the issued and paid-up share capital of the Company as at the Books Closure Date.

The aggregate amount to be paid to Shareholders will be adjusted by rounding down fractions of a cent to the nearest cent, where applicable.

The Proposed Capital Reduction and Proposed Cash Distribution will not result in a cancellation of Shares or a change in the number of Shares issued by the Company immediately after the Proposed Capital Reduction and Proposed Cash Distribution.

3.2. Rationale for the Proposed Capital Reduction and Proposed Cash Distribution

There will be a resulting cash balance in the Company following completion of the Proposed Disposal, and the Company intends to distribute the excess cash to Shareholders via the Proposed Capital Reduction and Proposed Cash Distribution.

The Directors are of the view that the Proposed Capital Reduction is in the best interests of the Company as the Proposed Cash Distribution amount comprises the paid-up capital in excess of the immediate requirements of the Company, assuming that the sales proceeds from the Proposed Disposal are received upon completion of the Proposed Disposal. In determining the level of capital to be returned to Shareholders, the Company has ensured that it retains sufficient capital for its business and operational needs.

3.3. Solvency Statement

In determining the Proposed Cash Distribution to Shareholders, the Directors have ensured that the Company retains sufficient capital to support its existing operations and pay its debts, if any. Pursuant to this and in compliance with Section 78C of the Companies Act, the Directors will each make a solvency statement ("**Solvency Statement**") confirming that:

- (a) as regards the Company's situation at the date of the Solvency Statement, there is no ground on which the Company could be found to be unable to pay its debts;
- (b) the Company will be able to pay its debts in full within the period of 12 months immediately after the date of the Solvency Statement; and
- (c) the value of the Company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the Proposed Capital Reduction, become less than the value of its liabilities (including contingent liabilities).

Copies of the Solvency Statements will be available for inspection at the EGM, as well as at the registered office of the Company for a period of six weeks beginning with the date of the EGM.

LETTER TO SHAREHOLDERS

3.4. Details of the Proposed Capital Reduction and Proposed Cash Distribution

The Proposed Capital Reduction and Proposed Cash Distribution will be effected in the following manner:

- (a) reducing the issued and paid-up share capital of the Company by approximately S\$36,572,000 from S\$36,865,088 (as at the Latest Practicable Date) to S\$293,088; and
- (b) distributing to Shareholders the sum of approximately S\$36,572,000 (equal to approximately S\$0.1215 per Share) (excluding treasury shares) based on the issued and paid-up share capital of the Company of S\$36,865,088 comprising 301,002,279 Shares (excluding treasury shares) as at the Latest Practicable Date.

As at the Latest Practicable Date, the Company has an issued and paid-up share capital of S\$36,865,088 (excluding treasury shares). Upon the completion of the Proposed Capital Reduction, the Company will have an issued and paid-up share capital of S\$293,088 (excluding treasury shares).

3.5. Illustration

The following illustration sets out the position of a Shareholder who holds 100 fully paid-up Shares as at the Books Closure Date:

	Shareholder
Position before the Proposed Capital Reduction	
Number of Shares currently held	100
Position after the Proposed Capital Reduction	
Amount of cash received further to the Proposed Cash Distribution	S\$12.15
Number of Shares held after the Proposed Cash Distribution	100

In summary, Shareholders will receive approximately S\$12.15 in cash for every 100 Shares (or approximately S\$0.1215 in cash for each Share) held as at the Books Closure Date. Shareholders holding odd lots of Shares (i.e. lots other than board lots of 100 Shares) will receive approximately S\$0.1215 in cash for each Share held by them or on their behalf as at the Books Closure Date. The shareholding of each Shareholder in the Company shall remain unchanged immediately after the Proposed Capital Reduction and Proposed Cash Distribution.

3.6. Conditions of the Proposed Capital Reduction

The Proposed Capital Reduction is subject to, amongst others, the following conditions:

- (a) the completion of the Proposed Disposal;
- (b) the Directors complying with the relevant solvency requirements set out in the Companies Act, including making the Solvency Statements as set out in Paragraph 3.3 of this Circular;
- (c) the Company obtaining Shareholders' approval for the Special Resolution at the EGM, to be approved by a majority of not less than three-fourths of the Shareholders present and voting at the EGM, of which not less than 21 days' notice of the EGM shall have been given;
- (d) the Company complying with the relevant publicity requirements as prescribed in the Companies Act, including but not limited to, lodging the reduction information (containing amongst others, the amount of the Company's share capital that is thereby reduced) with ACRA within eight days beginning with the date of the EGM;

LETTER TO SHAREHOLDERS

- (e) no creditor of the Company having made an application for the cancellation of the Special Resolution during the period of six weeks beginning with the date of the EGM, and, if such application was made, the withdrawal of such application or the dismissal thereof by the High Court of Singapore;
- (f) the lodgement with ACRA of copies of the Solvency Statements made by the Directors, and the Special Resolution, within 15 days beginning with the date of the EGM;
- (g) the lodgement with ACRA of the relevant documents, including but not limited to, a statement from the Directors confirming that the solvency requirements and publicity requirements have been met, after the end of the period of six weeks but before the end of the period of eight weeks beginning with the date of the EGM; and
- (h) the satisfaction or any regulatory approvals and/or statutory requirements which may be applicable in connection with the Proposed Capital Reduction.

3.7. Effective Date of the Proposed Capital Reduction

As set out in Paragraph 3.6 of this Circular, the Proposed Capital Reduction is subject to the satisfaction of, amongst others, the conditions set out therein.

After Shareholders' approval has been obtained for the Proposed Capital Reduction at the EGM, the Company will lodge with ACRA, amongst others, a notice containing the text of the Special Resolution. If no creditor of the Company objects to, and applies to the High Court of Singapore to cancel the Special Resolution, the Company will lodge the further requisite documents with ACRA as provided under Section 78E(2) of the Companies Act after the end of the period of six weeks but before the end of the period of eight weeks beginning with the date of the EGM. Upon the lodgement, the Proposed Capital Reduction will take effect.

If, however, a creditor of the Company objects to, and makes an application to the High Court of Singapore for the cancellation of, the Special Resolution within the period of six weeks beginning with the date of the EGM, the Proposed Capital Reduction will only take effect if the creditor's application is withdrawn or dismissed by the High Court of Singapore.

The Company will make further announcements on the Proposed Capital Reduction as appropriate or when there are developments on the same, including the Effective Date.

3.8. Administrative Procedures for the Proposed Cash Distribution

The following paragraphs set out the administrative procedures for the Proposed Capital Reduction and Proposed Cash Distribution:

(a) Books Closure Date

Entitled Shareholders will be considered for purposes of the Proposed Cash Distribution, on the basis of such number of Shares registered in their names or standing to the credit of their Securities Accounts as at the Books Closure Date. On the Expected Payment Date, the Entitled Shareholders will receive a sum of approximately S\$0.1215 for each Share held by them as at the Books Closure Date to be determined.

Subject to the satisfaction of the conditions set out in Paragraph 3.6 of this Circular, the Company will make further announcements in due course as soon as reasonably practicable to notify Shareholders of:

- (i) the Books Closure Date;
- (ii) the Effective Date; and
- (iii) the Expected Payment Date.

LETTER TO SHAREHOLDERS

(b) Deposit of Scrip Shares with CDP

Shareholders who hold Shares registered in their own names in the Register of Members and who wish to deposit their Shares with CDP prior to the Books Closure Date must deliver the existing share certificates in respect of their Shares, together with the duly executed instruments of transfer in favour of CDP, at least 12 Market Days prior to the Books Closure Date, in order for their Securities Accounts to be credited with the relevant Shares by the Books Closure Date.

(c) Payment pursuant to the Proposed Cash Distribution

Payment of the Proposed Cash Distribution will be made in the following manner:

(i) Entitled Shareholders holding Scrip Shares

Shareholders whose Shares are registered in the Register of Members as at the Books Closure Date will have the cheques for payment of their entitlements under the Proposed Cash Distribution despatched to them by ordinary post at their own risk addressed to their respective addresses in the Register of Members on the payment date to be announced in due course ("**Expected Payment Date**"). The Company shall not be liable for any loss in transmission.

(ii) Entitled Shareholders who are Depositors

Shareholders who are Depositors and who have Shares standing to the credit of their Securities Accounts as at the Books Closure Date will have the cheques for payment of their entitlements under the Proposed Cash Distribution despatched to them by CDP by ordinary post at their own risk on the Expected Payment Date. Alternatively, such Depositors will have payment of their entitlements under the Proposed Cash Distribution made in such other manner as they may have agreed with CDP for the payment of dividends or other distributions on the Expected Payment Date. Neither the Company nor CDP shall be responsible or liable for any loss in transmission.

3.9. Taxation

Shareholders should note that the following statements are not to be regarded as advice on the tax position of any Shareholder or any tax implications arising from the Proposed Capital Reduction and Proposed Cash Distribution. Shareholders who are in doubt as to their respective tax positions or any such tax implications or who may be subject to tax in a jurisdiction outside Singapore should consult their own tax advisors or other professional advisers.

For Singapore income tax purposes, payments made by a Singapore resident company to shareholders pursuant to share capital reductions are generally classified as either a return of capital (which is a capital gain not subject to tax) or a receipt of dividends (which is tax-exempt under the one-tier corporate tax system). As such, for Singapore income tax purposes, any gains from such transactions are generally not taxable unless the proceeds constitute taxable revenue gains or profits from a trade or business carried on by the shareholders.

In relation to the Proposed Cash Distribution to be made to Shareholders pursuant to the Proposed Capital Reduction, as the amount to be paid to Shareholders pursuant to the Proposed Cash Distribution will be paid out of the reduction of the existing issued and paid-up share capital of the Company, the Proposed Cash Distribution should generally be regarded as a return of capital, and is therefore not taxable in Singapore for Shareholders, unless the proceeds constitute taxable revenue gains or profits from a trade or business carried on by Shareholders.

LETTER TO SHAREHOLDERS

4. FINANCIAL EFFECTS OF THE PROPOSED TRANSACTIONS

The pro forma financial effects of the Proposed Transactions set out below are purely for illustration purposes only and do not necessarily reflect the actual results and financial position of the Group and of the Company following completion of the Proposed Transactions.

The pro forma financial effects of the Proposed Transactions on the NTA per Share and EPS of the Group are prepared based on the Audited Group FY2019 Results, and are subject to the following assumptions:

- (i) the financial effect on the consolidated NTA per Share is computed based on the assumption that the Proposed Transactions were completed on 28 February 2019;
- (ii) the financial effect on the consolidated EPS is computed based on the assumption that the Proposed Transactions were completed on 1 March 2018; and
- (iii) after taking into account the Transaction Expenses.

4.1. Financial Effects of the Proposed Disposal

(a) NTA per Share

On the bases and assumptions set out above, the pro forma effect of the Proposed Disposal on the consolidated NTA per Share is as follows:

5. CASH COMPANY – COMPLIANCE WITH RULE 1018 OF THE LISTING MANUAL

5.1. Cash Company

Upon completion of the Proposed Disposal, the Company will cease to have any operating subsidiaries or businesses and will be deemed a cash company under Rule 1018 of the Listing Manual. As a result, the Company will have to comply with the requirements under Rule 1018 of the Listing Manual.

5.2. Rule 1018 of the Listing Manual

Shareholders are to note that under Rule 1018, if the assets of the Company consist wholly or substantially of cash or short-dated securities, its securities will normally be suspended. Accordingly, upon completion of the Proposed Disposal, the Company will become a cash company and its Shares will be suspended. The suspension will remain in force until the Company has a business which is able to satisfy the SGX-ST's requirements for a new listing, and all relevant information has been announced. Upon completion of the Proposed Disposal, the Company must:

- (a) place 90.0% of its cash and short-dated securities (including existing cash balance and the Consideration arising from the Proposed Disposal) in an account opened with and operated by an escrow agent which is part of any financial institution licensed and approved by the Monetary Authority of Singapore ("**Escrow Account**"). The amount that is placed in the Escrow Account cannot be drawn down until the completion of the acquisition of a business which is able to satisfy the SGX-ST's requirements for a new listing, except for payment of expenses incurred in a reverse takeover approved by Shareholders and pro-rata distributions to Shareholders; and
- (b) provide monthly valuation of its assets and utilisation of cash, and quarterly updates of milestones in obtaining a new business to the market via SGXNET.

Taking the above compliance into account, the SGX-ST may allow continued trading in the Shares on a case-by-case basis, subject to:

LETTER TO SHAREHOLDERS

- (c) contractual undertakings from the Company's directors, controlling shareholders, chief executive officer and their Associates to observe a moratorium on the transfer or disposal of all their interests, direct and indirect, in the Shares ("**Undertakings**"); and
- (d) the period of the moratorium must commence from the date Shareholders approve the Proposed Disposal, up to and including the completion date of the acquisition of a business which is able to satisfy the SGX-ST's requirements for a new listing.

The Company will seek the Undertakings from the Company's directors, controlling shareholders, chief executive officer and their Associates before the EGM, and in the event the Company is unable to secure the Undertakings before the EGM, the Company will make an application to the SGX-ST for the suspension of the trading of Shares in accordance with Rule 1303, such suspension to take effect upon completion of the Proposed Disposal, and the Company will make an announcement on SGXNET to update Shareholders accordingly. The Company will also provide an update to Shareholders at the EGM on the status of the procurement of the Undertakings and the suspension of trading of its Shares, if applicable.

The SGX-ST will proceed to remove the Company from the Official List if it is unable to meet the requirements for a new listing within 12 months from the time it becomes a cash company. The Company may apply to the SGX-ST for a maximum 6-month extension to the 12-month period if it has already signed a definitive agreement for the acquisition of a new business, of which the acquisition must be completed in the 6-month extension period. The extension is subject to the Company providing information to investors on its progress in meeting key milestones in the transaction. In the event the Company is unable to meet the milestones or complete the relevant acquisition despite the time extension granted, no further extension will be granted and the Company will be removed from the Official List and a cash exit offer in accordance with Rule 1309 of the Listing Manual should be made to Shareholders within six months.

Upon completion of the Proposed Disposal, the Company will place 90.0% of its cash and short-dated securities (including existing cash balance and the Consideration arising from the Proposed Disposal) in the Escrow Account in compliance with Rule 1018 of the Listing Manual. Any one person from Group A, comprising Mr. Toh Tiong San and Mr. Chin Yew Choong David, who are both independent directors of the Company and members of the Audit Committee, and any one person from Group B, comprising Mr. Yap Kian Peng, the Executive Deputy Chairman and Chief Executive Officer of the Company, and Ms. Chua Sze Chyi, the Executive Director and Group Financial Controller of the Company (collectively, "**Authorised Persons**"), shall be authorised to jointly enter into agreements with the escrow agent and/or give any notices or take any action on behalf of the Company in connection with the amounts placed in the Escrow Account, provided that no withdrawal of monies from the Escrow Account shall be made by the Company without having obtained the necessary approvals from the SGX-ST for such withdrawal.

In line with the rationale set out in Paragraph 2.4 of this Circular, the Company is currently considering various options available after it becomes a cash company on completion of the Proposed Disposal. Shareholders will be informed in due course once a decision has been made. Although the Company will actively pursue the acquisition of new businesses and assets following completion of the Proposed Disposal, there is no assurance that this will be achieved or achieved within the time frame prescribed in Rule 1018(2) of the Listing Manual, and the Company may be delisted if the Company is unable to meet the requirements for a new listing.

221 Henderson Road
#06-15
Singapore 159557

Dear Sirs,

THE PROPOSED DISPOSAL OF THE ENTIRE BUSINESS AND BUSINESS ASSETS OF JACKSPEED CORPORATION LIMITED AS AN INTERESTED PARTY TRANSACTION AND A MAJOR TRANSACTION

Unless otherwise defined or the context requires otherwise, all terms used herein have the same meanings as defined in the Circular to Shareholders of the Company in relation to the Proposed Disposal dated 24 October 2019 (the “Circular”).

1. INTRODUCTION

On 27 May 2019, the Company announced that it has on 27 May 2019 entered into a letter of intent with Yap Kian Peng (“**Mr. Yap**”), the Executive Deputy Chairman and Chief Executive Officer of the Company, for the proposed disposal by the Company of (i) the entirety of its business in the accessories and non-accessories segments as a going concern and (ii) all assets and liabilities existing on the Company’s balance sheet pertaining to the entirety of its business in the accessories and non-accessories segments as a going concern (including inter-company balances) and the Company’s entire legal and beneficial interests in all of its directly held subsidiaries free from all encumbrances and together with all rights, benefits and entitlements attached to the Company’s entire legal and beneficial interests in all of its directly held subsidiaries to a special purpose vehicle to be incorporated and controlled by Mr. Yap, for a consideration of S\$48,000,000.

On 4 June 2019, the Company announced that it had on 4 June 2019 entered into a conditional sale and purchase agreement (“**SPA**”) with Mr. Yap, pursuant to which the Company has agreed to sell, and Mr. Yap has agreed to acquire (a) the entire business and undertaking of the Company as a going concern which involves the sales of leather trim and accessories to car distributors, dealers and manufacturers in the automotive and aviation industries, and sales from trading, financing and rental of motor vehicles and business of commission agents (“**Business**”); and (b) all the property, assets, rights, undertakings and liabilities of the Company pertaining to the Business and existing on the Company’s balance sheet as at completion of the Proposed Disposal (“**Jackspeed Business Assets**”), which include the Company’s legal and beneficial interest in the subsidiaries and Associated Companies as detailed in Section 2.1 (b) of the Circular to Jackspeed Holdings Pte. Ltd. (“**Purchaser**”), being a special purpose vehicle incorporated and wholly-owned by Mr. Yap, for an aggregate consideration of S\$48,000,000 (“**Consideration**”), upon the terms and subject to the conditions of the SPA and the Novation Agreement (the “**Proposed Disposal**”).

On 30 August 2019, the Company and Mr. Yap entered into a supplemental letter dated 30 August 2019 to, *inter alia*, (i) extend the long-stop date for a further three months from 30 August 2019 to 30 November 2019; and (ii) extend the period for the Purchaser to complete the due diligence exercise on the Company, the Business and the Jackspeed Business Assets from six weeks from the date of the SPA to 19 weeks from the date of the SPA.

APPENDIX A – IFA LETTER

On the date of the Circular, the Company and Mr. Yap entered into a supplemental agreement (the “**Supplement Agreement**”) to extend the time within which the Company is required to change its name and remove the word “Jackspeed” from its name (“**Change of Name**”) from three months to one year from completion of the Proposed Disposal. In connection with the foregoing and pursuant to the Supplemental Agreement, the Purchaser has also agreed to waive the requirement that the Company must have obtained the approvals from the Board and from the Shareholders at the EGM for the Change of Name as a condition to completion of the Proposed Disposal.

The Purchaser, being wholly-owned by Mr. Yap, the Executive Deputy Chairman and Chief Executive Officer of the Company, is an associate of Mr. Yap and accordingly, is an interested person as defined under Chapter 9 of the Listing Manual.

Under Chapter 9 of the Listing Manual, where an entity at risk (as defined in the Listing Manual) proposes to enter into a transaction with an interested person (as defined in the Listing Manual) and the value of the transaction (either in itself or when aggregated with the value of other transactions, each of a value equal to or greater than S\$100,000, with the same interested person during the same financial year) is equal to or exceeds 5% of the Group’s latest audited NTA, shareholders’ approval is required in respect of the transaction.

As the Purchaser is an “interested person” and the Company is an “entity at risk” as defined under Chapter 9 of the Listing Manual, the Proposed Disposal constitutes an interested person transaction (“**Interested Person Transaction**”) under the provisions of Chapter 9 of the Listing Manual. In addition, as the Consideration for the Proposed Disposal will exceed 5% of the Group’s latest audited NTA, the Company is required to seek the approval of the Shareholders for the Proposed Disposal pursuant to Rule 906 of the Listing Manual. The relevant rules also require Mr. Yap and each of his Associates to abstain from voting on resolutions relating to the Proposed Disposal.

In connection with the above and pursuant to the requirements of Chapter 9 of the Listing Manual, CEL Impetus Corporate Finance Pte Ltd (“**CICF**”) has been appointed by the Company as the independent financial adviser (“**IFA**”) to advise the Directors who are deemed to be independent in respect of the Proposed Disposal (“**Independent Directors**”). The Directors who are deemed to be independent for the purpose of making the recommendation in respect of the Proposed Disposal are Messrs Chin Yew Choong David, Toh Tiong San and Chua Sze Chyi.

4. TERMS OF THE PROPOSED DISPOSAL

The Consideration for the Proposed Disposal is S\$48 million, payable by the Purchaser to the Company in cash upon completion of the Proposed Disposal. Information relating to the Consideration and other salient terms of the Proposed Disposal has been extracted from Section 2.3 of the Circular and set out in italics below. Shareholders are advised to read Section 2.3 of the Circular carefully.

“2.3. Material Terms of the Proposed Disposal

(a) Consideration

The Consideration of S\$48,000,000 is payable by the Purchaser to the Company in cash on completion of the Proposed Disposal.

The Consideration was arrived at after arm's length negotiations between the Company and the Purchaser, on a willing-buyer willing-seller basis, after taking into account, amongst other things, the net tangible asset value of the Business and the Jackspeed Business Assets based on the Unaudited Group FY2019 Results, and the rationale for the Proposed Disposal as set out in Paragraph 2.4 of this Circular. At the time of signing of the SPA, only the Unaudited Group FY2019 Results were available, however, the Unaudited Group FY2019 Results are not materially different from the Audited Group FY2019 Results.

Based on the Valuation Certificates issued by the Valuers as set out in Appendix B to this Circular, the market value of the following freehold properties owned by the Group (“Properties”), as well as details of the valuations conducted, are as follows:

APPENDIX A – IFA LETTER

Property	Market Value (\$S)	Party who commissioned valuation	Name of Valuer	Basis of Valuation	Date of Valuation

Save for valuations on the Properties set out above, the Company has not commissioned a valuation on the Business or the Jackspeed Business Assets as the Board is of the view that the valuations attributable to the other major balance sheet items which comprise the Jackspeed Business Assets, such as plant and equipment, receivables and cash and cash equivalents are unlikely to be adjusted upwards. Moreover, the Company has appointed the IFA to advise on, inter alia, whether the terms of the Proposed Disposal are on normal commercial terms. In arriving at their recommendation, the IFA would have reviewed and evaluated relevant factors such as price to earnings ratio, price to NAV ratio, price to NTA ratio, the enterprise value to earnings before interest and tax and the VWAP of the Shares as set out in the IFA Letter. Accordingly, the Board is of the view that no separate valuation is necessary for the Proposed Disposal.

Based on the Audited Group FY2019 Results:

- (i) the book value and the net tangible asset value of the Business and the Jackspeed Business Assets were approximately S\$53,189,000 and S\$52,748,000 respectively;
- (ii) the Properties comprised approximately 17.8% and 18.1% of the book value and the net tangible asset value of the Business and the Jackspeed Business Assets respectively (after excluding cash and cash equivalents of S\$24,316,000 as at 28 February 2019); and
- (iii) the net profits after tax attributable to the Business and the Jackspeed Business Assets is approximately S\$5,776,000.

APPENDIX A – IFA LETTER

The Consideration, after taking into account the Transaction Expenses, represents approximately S\$0.159 on a per Share basis ("Net Proceeds per Share") taking into account the total issued Shares of 301,002,279 Shares. The Net Proceeds per Share represents a premium of approximately 16% to the volume weighted average share price of the Company of S\$0.137 on 3 June 2019, being the Last Trading Day.

The Consideration represents a deficit of approximately S\$5,189,000 over the book value of the Business and the Jackspeed Business Assets as at 28 February 2019. The estimated loss on the Proposed Disposal is approximately S\$5,409,000 based on the Consideration, after adjustment for the Transaction Expenses, and the book value of the Business and the Jackspeed Business Assets as at 28 February 2019.

The rationale for the Proposed Disposal is set out at Paragraph 2.4 of this Circular.

(b) Conditions Precedent

Completion of the Proposed Disposal is conditional upon satisfaction or waiver (as the case may be) of, inter alia, the following conditions ("Conditions"):

- (i) the Company and the Purchaser each having obtained all necessary consents, approvals, authorisations, clearances and/or waivers from its board of directors, any other persons and any relevant authorities in Singapore or any other jurisdictions (as applicable), including but not limited to, approvals from the SGX-ST, in respect of the SPA and the transactions contemplated thereunder and such consents, approvals, authorisations, clearances and/or waivers remaining in full force and effect;*
- (ii) without prejudice to the generality of Paragraph 2.3(b)(i) of this Circular, the Company having notified any banks or financial institutions which any of the Target Group Companies have financing arrangements with, of the Proposed Disposal and such persons having given their written consents to the proposed change in control of the Business and the Jackspeed Business Assets for the purposes of the respective agreements entered into with the Target Group Companies, and such consents not having been cancelled, revoked or withdrawn;*
- (iii) without prejudice to the generality of Paragraph 2.3(b)(i) of this Circular, the Company having obtained the irrevocable and unconditional waiver in writing from the shareholders of each of the Target Group Companies, other than the Company, of such shareholders' rights of pre-emption in relation to the sale and purchase of the legal and beneficial interests in the shares of that Target Group Company (where required);*
- (iv) the Company having obtained Shareholders' approval for the Proposed Disposal at the EGM;*
- (v) the Company having:*
 - (A) notified or obtained the consent of any third party for the transfer or assignment of the contracts to be sold as part of the Jackspeed Business Assets ("Contracts") to the Purchaser, where required; and*
 - (B) taken all actions and given effect to, completed, signed or otherwise executed all agreements, deeds, forms, notices and/or other documents (as the case may be) and/or procured the giving of effect to, completion, signing and/or execution (as the case may be) of all agreements, deeds, forms, notices and/or other documents (as the case may be) as required by the Purchaser in relation to the transfer, assignment or novation of the Contracts to the Purchaser;*
- (vi) the Purchaser having obtained the requisite financing from a financial institution in respect of the Purchaser's acquisition of the Business and the Jackspeed Business Assets pursuant to the Proposed Disposal; and*

APPENDIX A – IFA LETTER

(vii) *the results of the Purchaser's due diligence exercise on the Company, the Business and the Jackspeed Business Assets being satisfactory to the Purchaser in its sole discretion, such due diligence to be completed within 19 weeks from the date of the SPA or a mutually agreed extended period.*

If the Conditions are not satisfied or waived on or before 30 November 2019 or such other date as may be agreed in writing between the Company and the Purchaser, the SPA shall lapse.

(c) *Completion of the Proposed Disposal*

Completion of the Proposed Disposal shall take place on the date falling five business days following notification of the satisfaction or waiver (as the case may be) of the last of the Conditions or at such other date as may be agreed in writing between the Company and the Purchaser.

(d) *Change of Name*

Upon completion of the Proposed Disposal, the Company shall take steps to procure the Change of Name and shall effect such change within one year from completion of the Proposed Disposal. In addition, subject to the foregoing, upon completion of the Proposed Disposal, the Company shall not, and shall procure that none of its subsidiaries shall, at any time after completion of the Proposed Disposal, use in connection with any trade or business, any corporate name, trade name, logo, domain name or e-mail address which is confusingly similar to the name "Jackspeed" or to any corporate name, trade name, logo, domain name or e-mail address used by any of the Target Group Companies."

5. EVALUATION OF THE PROPOSED DISPOSAL

In the course of our evaluation of the financial terms of the Proposed Disposal, we have given due consideration to, *inter-alia*, the following factors:

- (a) the financial performance and financial position of the Business;
- (b) the financial assessment of the Consideration for the Proposed Disposal;
- (c) the rationale for the Proposed Disposal;
- (d) the financial effects of the Proposed Disposal; and
- (e) book value of the Business and the Jackspeed Business Assets.

5.1 Financial Performance and Position of the Business

Review of financial performance

We set out below a summary of the consolidated statement of comprehensive income of the Business for FY2019, FY2018 and FY2017:

(S\$'000)	← Audited →		
	FY2019	FY2018	FY2017
Revenue	46,682	52,448	67,652
Gross profit	17,165	16,288	15,539
Net profit before tax	8,877	8,060	6,259
Net profit after tax	6,949	6,393	5,274

APPENDIX A – IFA LETTER

FY2019 vs FY2018

Revenue

Revenue in FY2019 decreased by \$5.8 million or 11% as compared to the prior year. In FY2019, the accessories and non-accessories segments accounted for 65% and 35% of the Business' revenue respectively, as compared to 57% and 43% respectively in the prior year.

Revenue from the accessories segment remained relatively consistent at \$30.5 million in FY2019 (FY2018: \$29.8 million).

Revenue from the non-accessories segment decreased by \$6.5 million or 29%, from \$22.7 million in FY2018 to \$16.2 million in FY2019. This is mainly due to a decrease in motor vehicle sales. The decrease is partially offset by revenue growth from the vehicle financing business.

Operating profit

Operating profit from the accessories segment decreased by \$0.4 million from \$5.7 million in FY2018 to \$5.3 million in FY2019. This is mainly due to the realisation of exchange loss of \$0.2 million on translating the financial statements of Ultimate Vehicle Pty Ltd (“**Ultimate**”).

Operating profit from the non-accessories segment increased by \$0.8 million from \$3.0 million in FY2018 to \$3.8 million in FY2019. This is mainly contributed by the growth of the vehicle financing business, and partially offset by the decrease in motor vehicle sales.

Gross profit margin

Gross profit margin increased by 6% from 31% in FY2018 to 37% in FY2019. This is due to higher gross profit margin in the non-accessories segment as a result of a change in sales mix aforementioned.

Other expenses

The \$0.4 million increase in other expenses, from \$0.5 million in FY2018 to \$0.9 million in FY2019, is mainly due to an impairment loss of \$0.4 million on the goodwill of Ultimate in FY2019.

Net profit after tax

Net profit after tax increased by \$0.6 million in FY2019 as compared to FY2018. The increase is mainly due to a \$0.9 million increase in share of profit from equity-accounted associate. This is partially offset by an impairment of goodwill of an Australia subsidiary, Ultimate, amounting to \$0.4 million in FY2019.

FY2018 vs FY2017

Revenue

Revenue in FY2018 decreased by \$15.2 million or 23% as compared to the prior year. In FY2018, the accessories and non-accessories segments accounted for 57% and 43% of the Business' revenue respectively, as compared to 36% and 64% respectively in the prior year.

Revenue from the accessories segment grew by \$5.3 million or 21% from \$24.5 million in FY2017 to \$29.8 million in FY2018.

The non-accessories segment recorded lower revenue of \$22.7 million in FY2018, a decrease of \$20.4 million or 47% from \$43.1 million in FY2017. This is mainly due to a decrease in the volume of motor vehicles traded.

Operating profit by segments

Operating profit from the accessories segment increased correspondingly with revenue by \$1.8 million from \$3.9 million in FY2017 to \$5.7 million in FY2018.

Despite lower revenue, operating profit from the non-accessories segment remained consistent at \$4.3 million in FY2018 as compared to \$4.5 million in FY2017.

APPENDIX A – IFA LETTER

Gross profit margin

Gross profit margin increased by 8% from 23% in FY2017 to 31% in FY2018. This is due to: (i) higher profit margins achieved from the accessories segment through better management of costs; and (ii) higher profit margins in the non-accessories segment as a result of a change in sales mix.

Finance costs

The increase in finance costs by \$1.3 million, from \$0.7 million in FY2017 to \$2.0 million in FY2018, is mainly due to an increase in finance lease liabilities in FY2018 as compared to FY2017.

Other expenses

The increase in other expenses by \$0.4 million, from \$0.1 million in FY2017 to \$0.5 million in FY2018, is mainly due to foreign exchange losses incurred in FY2018 on the revaluation of foreign currency denominated receivables and bank balances.

Net profit after tax

Net profit attributable to owners of the Group increased by \$1.1 million in FY2018 as compared to FY2017. This is mainly due to better performance of the accessories segment in terms of revenue and gross profit margin.

5.2 Financial Assessment of the Consideration for the Proposed Disposal

5.2.1 Assessment of the Consideration against Selected Comparable Companies

In assessing the Consideration from a financial viewpoint, we have compared the financial ratios implied by the Consideration against the financial ratios of companies listed and traded on the regional stock exchanges which are engaged in business activities that are broadly comparable with the Business (“**Selected Comparable Companies**”). Such comparison provides an indication of the current market expectations with regards to the valuation of these comparable businesses, implied by their respective closing market prices as at the Latest Practicable Date.

The Selected Comparable Companies have been identified through a search on Bloomberg L.P. and other public sources. Relevant information has been extracted from the annual reports and/or public announcements of the Selected Comparable Companies. We have had discussion with the Directors and Management about the suitability of the Selected Comparable Companies serving as a basis for comparison with the Business and have obtained confirmations from the Directors and Management on the appropriateness of the Selected Comparable Companies.

We recognise, however, that our list of Selected Comparable Companies is not exhaustive and there may not be any company listed on the SGX-ST or other regional stock exchanges that is directly comparable to the Business in terms of location, sales growth, type of products, scale of operations, geographical markets, track record, future prospects, asset base (including intangible assets such as intellectual properties, branding and patents), risk profile, customer base and other relevant criteria. As such, the Independent Directors should note that any comparison made with respect to the Selected Comparable Companies are merely for illustration purposes and when considering the conclusion drawn from any comparisons herein, the Independent Directors should bear in mind the inherent limitations highlighted above.

We wish to highlight that the figures used in our financial assessment have been extracted where available and/or applicable, from Bloomberg L.P., the Circular and other publicly available sources. We make no representations or warranties, express or implied, as to the accuracy or completeness of such information.

We have used the following financial ratios in our analysis:

Financial Ratio	General Description
Price-to-Earnings (“P/E”) ratio	P/E ratio illustrates the ratio of the market price of a company’s shares relative to its consolidated after-tax earnings per share attributable to the owners of the respective companies as stated in its financial statements. The P/E ratio is affected by, <i>inter alia</i> , the capital structure of a company, its tax position as well as its accounting policies relating to depreciation and intangible assets. In our analysis, we used the market price of the shares as of the Latest Practicable Date, divided by the aggregate of the most recent announced four quarters earnings per share.
Price-to-Net Asset Value (“P/NAV”) ratio	P/NAV ratio illustrates the ratio of the market price of a company’s share relative to its historical NAV per share as recorded in its financial statements. “NAV” or “net asset value” is defined as the total assets less total liabilities and excludes where applicable non-controlling interest. The NAV figure provides an estimate of the value of a company assuming the hypothetical sale of its assets, the proceeds which are first used to settle its liabilities and obligations with the balance available for distributions to its shareholders. Comparisons of companies using their NAVs are affected by differences in their respective accounting policies, in particular, their depreciation and asset valuation policies. In our analysis, we used the market price of the shares as of the Latest Practicable Date, divided by the most recently announced NAV per share.

APPENDIX A – IFA LETTER

Financial Ratio	General Description
Price-to-Net Tangible Asset (“ P/NTA ”) ratio	<p>P/NTA ratio illustrates the ratio of the market price of a company’s share relative to its historical NTA per share as recorded in its financial statements. “NTA” or “net tangible asset” is defined as total tangible assets (excluding intangible assets) less total liabilities and excludes, where applicable, non-controlling interest. The NTA figure provides an estimate of the value of a company assuming the hypothetical sale of all its tangible assets, the proceeds which are first used to settle its liabilities and obligations with the balance available for distribution to its shareholders. Comparisons of companies using their NTAs are affected by differences in their respective accounting policies, in particular, their depreciation and asset valuation policies. In our analysis, we used the market price of the shares as of the Latest Practicable Date, divided by the most recently announced NTA per share.</p>
Enterprise Value-to-Earnings Before Interest and Tax (“ EV/EBITDA ”)	<p>“EV” or “Enterprise Value” is the sum of a company’s market capitalisation, preferred equity, independent interests, consolidated short-term and long-term debts, inclusive of finance lease liabilities, less its consolidated cash and cash equivalents.</p> <p>“EBITDA” stands for historical consolidated earnings before interest, tax, depreciation and amortisation, inclusive of share of associates’ and joint ventures’ income.</p> <p>The EV/EBITDA ratio illustrates the ratio of the market value of a company’s business relative to its historical pre-tax consolidated operating cashflow performance, without regard to its capital structure.</p> <p>In our analysis, we used the Enterprise Value based on the market capitalisation as of the Latest Practicable Date divided by the most recent announced four quarters EBITDA.</p>

The statistics for the Selected Comparable Companies are based on their closing prices as at the Latest Practicable Date and the publicly available financial results based on their respective financial periods/year ends.

Comparisons with the Business and the Jackspeed Business Assets and the Selected Comparable Companies may be affected, *inter alia*, by differences in their accounting policies. Our analysis has not attempted to adjust for such differences.

In view of the above, it should be noted that any comparisons made with respects to the Selected Comparable Companies merely serves as an illustration and that the conclusions drawn from the comparisons may not necessarily reflect the perceived market valuation of Business as at the Latest Practicable Date.

We set out in the table below the list of Selected Comparable Companies, together with a brief description of their principal activities which are considered to be broadly comparable to the Business.

5.3 Rationale for the Proposed Disposal

We note that rationale for the Proposed Disposal as stated in Section 2.4 of the Circular is as follows. Shareholders are advised to read Section 2.4 of the Circular carefully.

- “(a) *With increasing uncertainties in the global economic outlook, particularly in light of the ongoing trade wars between China and the United States and heightened geopolitical tensions around the world, the Directors believe that the Proposed Disposal presents a good opportunity to unlock value for the Shareholders. Following completion of the Proposed Disposal and subject to the necessary regulatory and corporate approvals, it is currently the Directors’ intention to distribute approximately S\$36,572,000 of the Net Proceeds to Shareholders by way of the Proposed Capital Reduction and Proposed Cash Distribution, and to set aside the balance Net Proceeds to explore the acquisition of new assets or businesses to satisfy the SGX-ST’s requirement for a new listing, subject to the restrictions under Rule 1018 of the Listing Manual. For further details on the Proposed Capital Reduction and Proposed Cash Distribution, please refer to Paragraphs 2.7 and 3 of this Circular. In the event the Company does not acquire new assets or businesses to satisfy SGX-ST’s requirement for a new listing within the period stipulated under Rule 1018 of the Listing Manual, all the balance Net Proceeds will also be returned to Shareholders. Accordingly, the Directors believe that the Proposed Disposal is in the interests of the Company and Shareholders as it presents the Company with an opportunity to exit the increasingly challenging business environment and immediately realise its investment in the Business. The Company will make further announcements on the specific uses of the Net Proceeds in greater detail at the appropriate juncture.*
- (b) *Although the Group’s profits had improved over the past years, there are uncertainties on its sustainability, due to the following reasons:*
- (i) *the Group’s major contract with an original equipment manufacturer (“OEM”), which contributed approximately 45% of the Group’s gross profit for FY2019, is ending in 2021. While the OEM has awarded the Group a new contract from 2022 to 2029, the new contract is expected to generate less than half of the gross profit under the existing expiring contract. There can be no assurance that the Group will be able to secure contracts from other customers to make up the shortfall;*
 - (ii) *a capital expenditure budget of S\$9,000,000 has been estimated for upgrading and expanding the Group’s worn out production facility in Thailand. It will require the Group to secure more business to cover depreciation and interest costs if loans are taken to sustain and grow profit;*
 - (iii) *the contract to supply upholstery leather kits to 17 countries in Europe, as announced on 16 March 2018, has yet to see significant contributions to the Group’s revenue. The Group is currently supplying to two out of the 17 countries and is working to cover more countries;*
 - (iv) *government policies to control the car population in Singapore and the emphasis to go car-lite by beefing up the connectivity between different modes of public transports will limit the growth of car population in Singapore, thereby affecting future performance of the Group as Singapore is the Group’s predominant market for its trading, financing and rental of motor vehicle business; and*

APPENDIX A – IFA LETTER

- (v) *the annual cost reduction practice by the Group's OEM customer has added pressure on the Group's profit margin. The increasingly difficult business environment, which the ongoing trade wars between China and the United States has contributed to, will potentially weigh in on such cost reduction requests from the Group's OEM customer.*
- (c) *Prior to Mr. Yap approaching the Company for the Proposed Disposal, the Company had not received any proposal or indication of interest from third parties for the Company or its Business. Subsequent to the announcement of the Proposed Disposal on 4 June 2019, the Company has also not received any competing interest nor bid from third parties. Based on the Directors' assessment, taking into account the factors cited herein, it is not probable that any such competing interest or bid on better terms is likely to arise, and the Proposed Disposal should be put before Shareholders for consideration and voting.*
- (d) *The Company has been placed on the watch-list of the SGX-ST ("Watch-List") since 5 June 2017 under the minimum trading price criteria. While steps have been undertaken to comply with the requirements to exit the Watch-List, such as share consolidations, the Board believes it is challenging for the current business of the Group to support a market capitalisation of more than S\$40 million (a requirement to exit the Watch-List) on a sustainable basis. As such, the Proposed Disposal is part of the Company's overall longer-term plan to exit the Watch-List and the Board believes the Proposed Disposal will pave the way for the Company to acquire a more sizeable business.*
- (e) *The terms of the Proposed Disposal which provide for the Consideration to be settled with a cash payment of S\$48,000,000 and with no business warranties required from the Company is attractive, which the Board believes will enhance the Company's options and bargaining position when identifying viable and sizeable businesses to exit the Watch-List.*
- (f) *In addition, the Board has also considered the premium or discount which the Net Proceeds per Share represents over the price of the Shares traded on the SGX-ST on the following date and over the following periods:*

Reference Date / Period	Reference Price⁽²⁾	Premium / (Discount)
<i>Last traded price as at 11 October 2019, being the Latest Practicable Date</i>	<i>S\$0.124⁽³⁾</i>	<i>28%</i>
<i>Last traded price on 3 June 2019, being the Last Trading Day</i>	<i>S\$0.132</i>	<i>20%</i>
<i>VWAP⁽¹⁾ per Share for the one-month period prior to and including the Last Trading Day</i>	<i>S\$0.134</i>	<i>18%</i>
<i>VWAP⁽¹⁾ per Share for the three-month period prior to and including the Last Trading Day</i>	<i>S\$0.134</i>	<i>18%</i>
<i>VWAP⁽¹⁾ per Share for the six-month period prior to and including the Last Trading Day</i>	<i>S\$0.135</i>	<i>18%</i>
<i>VWAP⁽¹⁾ per Share for the 12-month period prior to and including the Last Trading Day</i>	<i>S\$0.160</i>	<i>(1)%</i>

Notes:

(1) *The figures are based on data extracted from Bloomberg L.P..*

(2) *Rounded to the nearest three decimal places.*

(3) *Reference price as at 3 October 2019, being the last market day on which the Shares were traded prior to the Latest Practicable Date.*

APPENDIX A – IFA LETTER

Based on the reasons above, notwithstanding that there will be a loss on the Proposed Disposal, the Board believes the Consideration reflects a fairly good price for the Business and the Jackspeed Business Assets in view of the prevailing market conditions, including in particular the ongoing trade wars between China and the United States and heightened geopolitical tensions around the world as highlighted in Paragraph 2.4(a) of this Circular, and a good opportunity to unlock value for Shareholders. In addition, while the Proposed Disposal will result in the Company ceasing to have any operating business and becoming a cash company, the Directors are of the view that being a cash company may facilitate the Company's attempt to acquire potential target businesses and assets via a reverse takeover to satisfy the SGX-ST's listing requirements and to comply with the SGX-ST's requirements for a cash company. Accordingly, the Board believes that the Proposed Disposal is in the interests of the Company and Shareholders. The Company is considering its options in relation to other business ventures and will provide more information to Shareholders at the appropriate juncture."

5.4 Financial effects of the Proposed Disposal

Information relating to the financial effects of the Proposed Disposal has been extracted from Section 4, in particular Section 4.1, of the Circular and set out in italics below. Shareholders are advised to read Section 4.1 of the Circular on the financial effects of the Proposed Disposal carefully.

"The pro forma financial effects of the Proposed Transactions set out below are purely for illustration purposes only and do not necessarily reflect the actual results and financial position of the Group and of the Company following completion of the Proposed Transactions.

The pro forma financial effects of the Proposed Transactions on the NTA per Share and EPS of the Group are prepared based on the Audited Group FY2019 Results, and are subject to the following assumptions:

- (i) the financial effect on the consolidated NTA per Share is computed based on the assumption that the Proposed Transaction was completed on 28 February 2019;*
- (ii) the financial effect on the consolidated EPS is computed based on the assumption that the Proposed Transaction was completed on 1 March 2018; and*
- (iii) after taking into account the Transaction Expenses.*

4.1 Financial Effects of the Proposed Disposal

(a) NTA per Share

On the bases and assumptions set out above, the pro forma effect of the Proposed Disposal on the consolidated NTA per Share is as follows:

	<i>Before the Proposed Disposal</i>	<i>After the Proposed Disposal</i>
<i>NTA (S\$'000)</i>	52,748	47,780
<i>Number of Shares</i>	301,002,279	301,002,279
<i>NTA per Share (cents)</i>	17.52	15.87

APPENDIX A – IFA LETTER

(b) EPS

On the bases and assumptions set out above, the pro forma effect of the Proposed Disposal on the consolidated EPS of the Company is as follows:

	<i>Before the Proposed Disposal</i>	<i>After the Proposed Disposal</i>
Profit/(Loss) after tax attributable to Shareholders (S\$'000)	5,776	(5,409)
Number of Shares	301,002,279	301,002,279
EPS (cents)	1.92	(1.80)

We note that the pro forma financial effects of the Proposed Disposal on NTA per Share and EPS are both dilutive.

5.5 Book Value of the Business and the Jackspeed Business Assets

(a) NAV or NTA

Based on the Audited Group FY2019 Results, the book value (“NAV”) and the net tangible asset (“NTA”) value of the Business and the Jackspeed Business Assets, adjusted for non-controlling interest, were approximately S\$53.19 million and S\$52.75 million respectively.

The Consideration of S\$48 million represents a discount of approximately 9.75% and 9.00% to the NAV and NTA of the Business and Jackspeed Business Assets based on the Audited Group FY2019 Results.

(b) Revalued NAV or Revalued NTA

In connection with the Proposed Disposal, the Company had commissioned the Valuers to carry out independent valuations of the properties as at 11 June 2019 and 14 June 2019 which consist of the following:

Description	Location	Market Value (S\$ million)	Revaluation Surplus/(Deficit) ⁽¹⁾ (S\$'000)
Flatted Factory Unit	221 Henderson Road #06-15 Henderson Building Singapore 159557	1.88	(197.23)

Total		5.36	139.66

APPENDIX A – IFA LETTER

Notes:

- (1) The revaluation surplus/(deficit) is calculated as the difference between the market values of the properties in their existing state and their corresponding book values as at the Valuation Date.
- (2) The market values are converted from the value in respective local currencies into Singapore dollars equivalent based on the respective exchange rates as at Latest Practicable Date.

Shareholders should read the above in conjunction with the Valuation Reports, the summaries of which are set out in Appendix B to the Circular.

We further note that one of the Group's subsidiary, Jackspeed Industries Sdn Bhd, had entered into a sales and purchase agreement with Penta Century Sdn Bhd on 25 January 2019 for the sale of land held under title no. H.S. (D) 115335 PT 635, Bandar Gurun, Daerah Kuala Muda, Negeri Kedah ("**Bandar Gurun Land**") for a consideration of Malaysian Ringgit 2.80 million. The net proceeds from the sale, adjusted for the estimated transaction costs, is approximately Malaysian Ringgit 2.65 million or equivalent to approximately S\$869,000. The book value of Bandar Gurun Land as at 28 February 2019 is approximately S\$763,000. Accordingly, the surplus arising from the sale of Bandar Gurun Land is estimated to be approximately S\$106,000 ("**Adjusted Surplus**").

Save as above, the other assets of the Business and the Jackspeed Business Assets have not been revalued for the purposes of determining the revalued NAV and revalued NTA.

The NAV and NTA of the Business and the Jackspeed Business Assets as at 28 February 2019 adjusted for (i) change in valuation of the Adjusted Properties ("**Revaluation Surplus**") and (ii) Adjusted Surplus, referred to as "**RNAV**" and "**RNTA**" respectively, is approximately S\$53.44 million and S\$53.00 million respectively.

	(\$ million)
NAV of the Business and Jackspeed Business Assets as at 28 February 2019	53.19
NTA of the Business and Jackspeed Business Assets as at 28 February 2019	52.75
Add: Revaluation Surplus	0.14
Add: Adjusted Surplus	0.11
RNAV of the Business and Jackspeed Business Assets as at 28 February 2019	53.44
Discount of the Consideration over the RNAV of the Business and the Jackspeed Business Assets as at 28 February 2019	10.18%
Price-to-RNAV (" P/RNAV ") ratio as implied by the Consideration	0.90 times
RNTA of the Business and Jackspeed Business Assets as at 28 February 2019	53.00
Discount of the Consideration over the RNTA of the Business and the Jackspeed Business Assets as at 28 February 2019	9.43%
Price-to-RNTA (" P/RNTA ") ratio as implied by the Consideration	0.91 times

Based on the above, we note that the Consideration represents a discount of 10.18% and 9.43% to the RNAV and RNTA respectively.

APPENDIX A – IFA LETTER

Save for the adjustments relating to the revaluation of the Appraised Properties and the sale of the Bandar Gurun Land as disclosed above, we have also considered whether there are any tangible assets of the Business and the Jackspeed Business Assets which should be valued at an amount that is materially different from that which were recorded in the statement of financial position of the Business that are likely to impact the NAV and/or the NTA as at 28 February 2019. In this regard, the Directors and Management have confirmed to us that as at the Latest Practicable Date, to the best of their knowledge and belief:

- (a) There are no material fluctuations or changes to the Business since 1 March 2019 and up to the Latest Practicable Date, which would result in a material impact on the overall financial performance of the Business;
- (b) There are no material differences between the realisable value of the Business and Jackspeed Business Assets and their respective book values as at 28 February 2019 which would result in a material impact on the NAV and/or NTA of the Business and the Jackspeed Business Assets;
- (c) There are no liabilities which values would be materially different from those recorded relating to the Business and the Jackspeed Business Assets;
- (d) There are no other contingent liabilities, bad or doubtful debts or material events which are likely to have a material impact on the NAV and/or NTA of the Business and the Jackspeed Business Assets;
- (e) there are no litigation, claims or proceedings pending or threatened against the Business or any fact likely to give rise to any proceedings which might materially and adversely affect the financial position of the Business; and
- (f) there are no other intangible assets which ought to be disclosed in the statement of financial position of the Business in accordance with the Singapore Financial Reporting Standards and which have not been disclosed and where such intangible assets would have had a material impact on the overall financial position of the Business and Jackspeed Business Assets.

6. OTHER FACTORS RELEVANT TO OUR EVALUATION

6.1 Use of Proceeds

The use of proceeds for the Proposed Disposal which have been set out in Section 2.7 of the Circular are extracted and reproduced in italics below:

“The net proceeds from the Proposed Disposal, after deducting the Transaction Expenses, is estimated to be approximately S\$47,780,000 (“Net Proceeds”).

As mentioned in Paragraph 2.4 of this Circular, following the completion of the Proposed Disposal and subject to the necessary regulatory and corporate approvals, it is currently the Directors’ intention to distribute approximately S\$36,572,000 of the Net Proceeds to Shareholders by way of the Proposed Capital Reduction and Proposed Cash Distribution, and to set aside the balance Net Proceeds to explore the acquisition of new assets or businesses to satisfy the listing requirements of the SGX-ST, subject to the restrictions under Rule 1018 of the Listing Manual. In the event the Company does not acquire new assets or businesses to satisfy SGX-ST’s requirement for a new listing within the period stipulated under Rule 1018 of the Listing Manual, all the balance Net Proceeds will also be returned to Shareholders. Please refer to Paragraphs 3 and 5 of this Circular for further details.

The Board will announce the specific uses for the proceeds arising from the Proposed Disposal in greater detail at the appropriate juncture.”

APPENDIX A – IFA LETTER

6.2 Uncertainties on Group's Profitability

We note from the rationale of the Proposed Disposal that whilst the Group's profit has improved in recent years, the Company has highlighted certain factors that may affect the Group's profitability going forward. In particular:

- (a) one of the Group's major OEM contract that contributed approximately 45% of the Group's gross profit for FY2019 is ending in 2021 and the Group expects sales volume to decline;
- (b) a significant capital expenditure of S\$9 million is required to upgrade the Group's production facility in Thailand; and
- (c) governmental policies in Singapore to control car population is expected to limit the growth of the Group's business in Singapore, being a key market segment.

Shareholders are advised to read Section 2.4 of the Circular carefully.

6.3 Watch-List Status

The Company has been placed on the Watch-List since 5 June 2017 under the minimum trading price criteria. The Company has up to 4 June 2020 to satisfy the criteria to exit the Watch-List. We note that whilst the Company has taken steps to comply with the requirements to exit the Watch-List, the Board believes that it is challenging for the Group's current business to support a market capitalisation of at least S\$40 million on a sustainable basis. As such, the Proposed Disposal is part of the Company's longer-term plan to pave way for the acquisition of a more sizeable business to facilitate the Company's exit from the Watch-List.

6.4 Cash Company

We note that upon the completion of the Proposed Disposal, the Company will cease to have any operating subsidiaries or business and will be deemed as a cash company under Rule 1018 of the Listing Manual. As a result, the Company will have to comply with the requirements under Rule 1018 of the Listing Manual. We have reproduced the extracts of the requirements under Rule 1018 of the Listing Manual which have been set out in Section 5.2 of the Circular:

“Rule 1018 of the Listing Manual

Shareholders are to note that under Rule 1018, if the assets of the Company consist wholly or substantially of cash or short-dated securities, its securities will normally be suspended. Accordingly, upon completion of the Proposed Disposal, the Company will become a cash company and its Shares will be suspended. The suspension will remain in force until the Company has a business which is able to satisfy the SGX-ST's requirements for a new listing, and all relevant information has been announced. Upon completion of the Proposed Disposal, the Company must:

- (a) place 90.0% of its cash and short-dated securities (including existing cash balance and the Consideration arising from the Proposed Disposal) in an account opened with and operated by an escrow agent which is part of any financial institution licensed and approved by the Monetary Authority of Singapore (“Escrow Account”). The amount that is placed in the Escrow Account cannot be drawn down until the completion of the acquisition of a business which is able to satisfy the SGX-ST's requirements for a new listing, except for payment of expenses incurred in a reverse takeover approved by Shareholders and pro-rata distributions to Shareholders; and*
- (b) provide monthly valuation of its assets and utilisation of cash, and quarterly updates of milestones in obtaining a new business to the market via SGXNET.*

APPENDIX A – IFA LETTER

Taking the above compliance into account, the SGX-ST may allow continued trading in the Shares on a case-by-case basis, subject to:

- (c) contractual undertakings from the Company’s directors, controlling shareholders, chief executive officer and their Associates to observe a moratorium on the transfer or disposal of all their interests, direct and indirect, in the Shares (“Undertakings”); and*
- (d) the period of the moratorium must commence from the date Shareholders approve the Proposed Disposal, up to and including the completion date of the acquisition of a business which is able to satisfy the SGX-ST’s requirements for a new listing.*

The Company will seek the Undertakings from the Company’s directors, controlling shareholders, chief executive officer and their Associates before the EGM, and in the event the Company is unable to secure the Undertakings before the EGM, the Company will make an application to the SGX-ST for the suspension of the trading of Shares in accordance with Rule 1303, such suspension to take effect upon completion of the Proposed Disposal, and the Company will make an announcement on SGXNET to update Shareholders accordingly. The Company will also provide an update to Shareholders at the EGM on the status of the procurement of the Undertakings and the suspension of trading of its Shares, if applicable.

The SGX-ST will proceed to remove the Company from the Official List if it is unable to meet the requirements for a new listing within 12 months from the time it becomes a cash company. The Company may apply to the SGX-ST for a maximum 6-month extension to the 12-month period if it has already signed a definitive agreement for the acquisition of a new business, of which the acquisition must be completed in the 6-month extension period. The extension is subject to the Company providing information to investors on its progress in meeting key milestones in the transaction. In the event the Company is unable to meet the milestones or complete the relevant acquisition despite the time extension granted, no further extension will be granted and the Company will be removed from the Official List and a cash exit offer in accordance with Rule 1309 of the Listing Manual should be made to Shareholders within six months.

Upon completion of the Proposed Disposal, the Company will place 90.0% of its cash and short-dated securities (including existing cash balance and the Consideration arising from the Proposed Disposal) in the Escrow Account in compliance with Rule 1018 of the Listing Manual. Any one person from Group A, comprising Mr. Toh Tiong San and Mr. Chin Yew Choong David, who are both independent directors of the Company and members of the Audit Committee, and any one person from Group B, comprising Mr. Yap Kian Peng, the Executive Deputy Chairman and Chief Executive Officer of the Company, and Ms. Chua Sze Chyi, the Executive Director and Group Financial Controller of the Company (collectively, “Authorised Persons”), shall be authorised to jointly enter into agreements with the escrow agent and/or give any notices or take any action on behalf of the Company in connection with the amounts placed in the Escrow Account, provided that no withdrawal of monies from the Escrow Account shall be made by the Company without having obtained the necessary approvals from the SGX-ST for such withdrawal.

In line with the rationale set out in Paragraph 2.4 of this Circular, the Company is currently considering various options available after it becomes a cash company on completion of the Proposed Disposal. Shareholders will be informed in due course once a decision has been made. Although the Company will actively pursue the acquisition of new businesses and assets following completion of the Proposed Disposal, there is no assurance that this will be achieved or achieved within the time frame prescribed in Rule 1018(2) of the Listing Manual, and the Company may be delisted if the Company is unable to meet the requirements for a new listing.”

APPENDIX A – IFA LETTER

7. RECOMMENDATION

In arriving at our recommendation in relation to the Proposed Disposal, we have reviewed and evaluated factors, including the views and representations of the Directors and Management, which we deem to have significant relevance to our assessment.

In arriving at our conclusion, we have also taken into account the following key factors, which are described in more detail in Section 5 and Section 6 of this Letter:-

- (a) the financial performance of the Business;
- (b) the financial assessment of the Consideration for the Proposed Disposal;
- (c) the rationale for the Proposed Disposal;
- (d) the financial effects of the Proposed Disposal;
- (e) book value of the Business and the Jackspeed Business Assets; and
- (f) other factors relevant to our evaluation.

Having considered the above and subject to the assumptions and qualifications set out in this Letter, we are of the opinion that the Proposed Disposal is on normal commercial terms and is not prejudicial to the interests of the Company and its Independent Shareholders. Accordingly, we advise the Independent Directors to recommend that the Independent Shareholders vote in favour of the Proposed Disposal to be proposed at the EGM.

The Independent Directors should note that our recommendation is based upon market, economic industry and other conditions prevailing as at the Latest Practicable Date, and information made available to us as at the Latest Practicable Date.

Whilst a copy of this Letter may be reproduced in the Circular, neither the Company, the Directors nor any other persons may reproduce, disseminate or quote this Letter (or any part thereof) for any other purpose other than for the purpose of the EGM and for the purpose of the Proposed Disposal, at any time in any manner without our prior written consent in each specific case.

This Letter is governed by, and construed in accordance with, the laws of Singapore, and is strictly limited to the matters stated herein and does not apply by implication to any other matter.
